PAINTING***

Applications are now being considered for the **AW Signs Apprenticeship Immersion**. This is a perfect way for you to explore all areas of sign manufacturing, meet some great people and choose your own pathway.

Once you have been interviewed, selected and inducted into the program, you'll spend 10 days experiencing sign manufacturing at AW Signs. Your time with us will focus on a mix of fabrication, digital / vinyl, spray painting / surface preparation and quality assurance.

You'll then have a choice of one of the apprenticeships available and your career is off and running. Once you're enrolled in TAFE, we'll reimburse you for your white card and safety boots plus get you fitted out in high visibility AW Signs uniforms.

IT'S THAT EASY.

At the end of the immersion, if you decide it's not what you want to do, it's no problem. We will shake hands and wish you all the best.
